# Rosie The Riveter says:

You know if it's metal, DYNAMIC FASTENER is there. Whether your challenge is a leaky metal roof (DROP-STOP®), snow retention (DYNA-GUARD®), roof penetrations (DYNA-FLASH®), or fastening to all gauges of steel (D•F® screws), we are your hassle free partner on the job site and on your project manager's desk. This includes our continually expanding line of D•F® rivets!

Rosie The Riveter says:  
Give us a call... you  
can ask for me, I'm your  
D•F Rivet Boss!

We want to be your rivet supplier!  
What size do you need? Got it!  
What material do you need? Got it!  
What color do you need? Got it!  
What quantity do you need? Got it!  
Do you want your rivets in handy bags of 250? Got it! Our stock level on rivets is over 145 million rivets with over a *hundred* different stocked colors for same day shipping.

12V Rivet Tool with  
**FREE** Extra Battery

D•F® Rivets are now available in the most requested color . . . **INVISIBLE**

We stock the NN®43 ALL S/S rivet in 97 different colors. The iconic picture of Rosie The Riveter, Rivet Boss, Drop-Stop, Dyna-Guard, Dyna-Flash, NN, FF & D•F are registered trademarks of Dynamic Fastener Service Inc.

## Welcome to the second edition of the Shield Wall Media Directory

This year we are bigger and better with more listings and more subscribers and recipients. We strive to be the go-to resource for our little corner of the construction industry.

Whether you subscribe to *Rural Builder*, *Metal Builder*, *Frame Building News*, *Rollforming*, *Metal Roofing*, *Roofing Elements* or our newest publication *Metal Builder*, this directory is for you.

We get calls every month asking "Do you have the contact information on that company with the blue ad in *Rural Builder*?" Typically we have no way to track them down and cannot help the reader find the manufacturer. This directory is your answer. Anything you are looking for you can find here.

I am also taking this opportunity to announce Shield Wall Media is raising funds for Hawaii wildfire relief.

Starting September 1, 2023, all of the attendee registration for the Construction Rollforming Show and the Garage, Shed & Carport Builder Show will be donated to relief programs. We will also have several pages of company logos in the issues of our magazines that mail in December and January. This will include pages with business logo, website, and phone number. The price will be \$100 per logo per magazine. 100% of the proceeds from these ads will be donated to relief and these pages will appear in every magazine.

If you would like to help us help Hawaii, contact me gary@shieldwallmedia.com.

## HOW TO USE THIS GUIDE:

The Index below is a guide to help you find companies, distributors, associations, and other organizations that provide specific products or services to the rural building industry. This Index is followed by a Company Directory, which is in alphabetical order. Many companies have included

logos and/or descriptions of their businesses to explain their offerings. Firms that won 2023 Gold Key of Excellence Awards and 2023 Metal of Honor Awards are noted on pages 14 & 15.

Companies that advertised separately in this issue can be found in our ad index on page 67.

## THE DM-ARM HAS YOUR BACK!

*Drexel Metals Association of Regional Manufacturers (DM-ARM) is a comprehensive portable roll former program designed to help you meet building codes and build your brand locally. The Drexel Metals DM-ARM program allows installers and regional manufacturers to grow their businesses by offering better local control, greater profits, freight savings, less scrap, and the ability to provide metal roofing on-demand.*

*As a DM-ARM member, Drexel Metals becomes your “back-office partner”, allowing your team to spend more time in the local market!*

Become a member at  
[www.drexmet.com](http://www.drexmet.com).

### Sell More with the Roofing Passport

Exclusive to DM-ARM members, the Sherwin-Williams® Roofing Passport is a groundbreaking platform that simplifies metal roof estimation and ordering. As a fully automated program, this digital platform enables project estimation in one click. The Sherwin-Williams Roofing Passport creates a powerful link between EagleView's highly accurate roof measurements and SmartBuild's automated estimation software, creating an easy-to-use bidding platform.

*"In an eagle, there is all  
the wisdom of the world."*

*Lame Deer,  
19th century Lakota leader*

## Eagle Feather Metal Roof Honors Native American Heritage & Culture

Kirsch Building products has a product for every roofing and wall barrier project. Sharkskin Ultra SA® was chosen as the roof and wall underlayment for Montana State University's American Indian Hall, which honors Native American cultures, beliefs, and traditions.

Of special note on the Bozeman, Montana campus building, which has been in the works since 2004, is the metal roof designed as an eagle feather.

Prior to the standing seam roof and metal wall panels being installed, Sharkskin Ultra SA® provided excellent protective qualities, which included long term UV resistance and excellent high wind uplift resistance.

The beautiful eagle feather metal roof detail was designed and specified to last. The roof is comprised of 22-ga. 70% PVDF-coated Galvalume panels that transition from Silver Metallic on the left end to Slate Gray as the middle tone to Dark Bronze on the right end. The Sharkskin Ultra SA® was selected as the roof underlayment beneath the multi-colored feather-shaped metal roof and metal wall panels, as it will provide long term moisture resistance.

Beneath the standing seam metal roof and wall cladding, Sharkskin Ultra SA® is also providing high-temperature resistance.

In addition to benefitting the roofing system, Sharkskin Ultra SA® has benefits roofers will appreciate. Benefits include its excellent adhesion properties ... it will adhere to the roof and wall substrate, at 10° F and rising, without the need for "primer" which saves the roofer time = labor dollars.

Another important benefit: Sharkskin Ultra SA® is slip-resistant — even when wet — allowing for a safe walking surface no matter the conditions during installation.

Sharkskin Ultra SA® is designed to perform in the most challenging circumstances. It is Miami-Dade County, ICC-ES, Florida Building Code and Texas Department of Insurance approved. The high-performance underlayment also has no VOCs, contributes to LEED, and recyclable.

*Kirsch Building Products offers a Sharkskin product for every roofing and wall barrier project. Visit [www.sharkskin-roof.com](http://www.sharkskin-roof.com) today for more information.*

Formwright is the leading Midwest dealer for NewTech Machinery roll-forming machines. We have been using NTM machines since 2015, so we offer an experienced perspective on maximizing the returns for your business. When you run into a question on the job site, our team offers phone support to get your machine going again. Our primary focus is the SSR Multi-Pro Jr. and the SSQII Multi-Pro. These cover a wide range of uses from commercial to residential and are available with up to 15 different profiles to create the perfect roof for your clients. We also offer the Mach II guttering machine with up to four different profiles. Our specialty is a complete package setup, and we are the only NTM dealer to offer enclosed trailers. We have developed a heavy-duty trailer that withstands the rigors of everyday use, available in either a gooseneck or bumper-pull option.

## Welcome to the 2024 Shield Wall Media Directory

Shield Wall Media's magazines and shows serve more than 100,000 builders and contractors with advice and product announcements. Once a year, we print this Directory to serve our goal of bringing together those professionals with the construction industry's leading suppliers. Keep this supplier resource handy all year and remember to tell your vendors "I saw your company in the 2024 Shield Wall Media Directory."
