The Post-Frame Builder Show brings together an exclusive audience of frame-building decision-makers and the manufacturers of the best post-frame products. ## Construction Rollforming Show

**OCTOBER 1-2, 2025**

The Construction Rollforming Show is unique. If you roll form or use benders or brakes to form panels, channel, studding, soffits, gutters, carports or other construction components this is your show. The educational programming and exhibitors are tailored specifically to companies that roll form or metal form for the construction industry. This IS NOT a show for small contractors. This is a specific niche of manufacturers and builders large enough to do their own fabrication and buy materials and components in pallet, container or truck load lots.
