ABOUT US

Frame Building News is part of a growing network of magazines and trade shows owned by Shield Wall Media.

Frame Building News is a business-to-business publication that covers the news, companies, products, and information that professionals involved in post-frame building need. Originally launched in 1989, *Frame Building News* is the longest-running publication dedicated to post-frame building. It provides readers with constructive help through five issues each year, including a Buildings of Distinction edition, plus a free sixth issue, the annual Company Directory issue. In these issues, you will find technical information, practical tips and tricks, and ideas and solutions to your building problems.

Like all Shield Wall Media magazines, *Frame Building News* is free to construction trade professionals and free to those associated with the construction industry. It is available in both printed and digital formats.

Construction Rollforming Show

OCTOBER 1-2, 2025

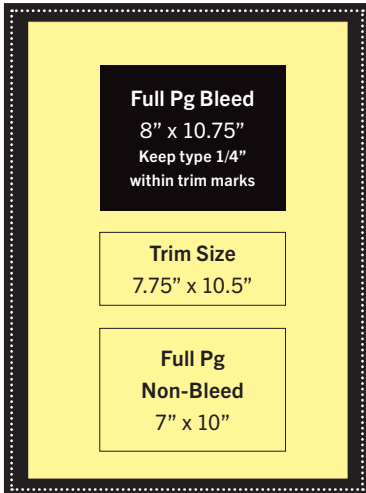

The Construction Rollforming Show is unique. If you roll form or use benders or brakes to form panels, channel, studding, soffits, gutters, carports or other construction components this is your show. The educational programming and exhibitors are tailored specifically to companies that roll form or metal form for the construction industry. This IS NOT a show for small contractors. This is a specific niche of manufacturers and builders large enough to do their own fabrication and buy materials and components in pallet, container or truck load lots.
